SUMMER FALL

Webcasts & Seminars

**“Anyone who keeps learning, stays young.
The greatest thing in life is to keep your mind young.”¹**

- Henry Ford

Dear perianesthesia nurse colleagues,

In facing the challenges of the COVID-19 pandemic, it is important, now more than ever, we remain current in best practice. One facet of ASPAN's mission is to provide perianesthesia education for just this purpose. It is my honor to welcome you to our ASPAN 2020 Summer/Fall Seminar and Webcast season. These opportunities will offer excellent educational programs to challenge every perianesthesia nurse, spanning the needs of those who are new to our practice setting to those who are experts. ASPAN strives to offer programs that touch every learning style. Interactive education sessions are available via live in-person seminars and live webcasts. Education can also be attended virtually through pre-recorded sessions via our on-demand modules on ASPAN Learn.

Our healthcare environment is constantly evolving and increasing in complexity. Nurses' roles are expanding. Remaining current and up-to-date in best practice is required to meet these challenges. Staying abreast of current and best evidence takes intention and time; however, attending evidence-based educational offerings led by topic experts can provide an avenue for bedside clinicians, nurse leaders, or researchers to remain current and confident.

ASPAN is recognized as the leader in perianesthesia nursing education. As an ANCC accredited provider, ASPAN's educational offerings are rigorously created and vetted, assuring you the highest quality educational offerings and learning experience. Perianesthesia nurses are committed to providing patients the very best evidence-based care. This requires a dedication to lifelong learning and education.

Oliver Wendell Holmes, poet and physician, observed - "Man's mind, once stretched by a new idea, never regains its original dimensions."² I would like to invite you to stretch your mind and learn something new by taking advantage of our upcoming offerings. Mark your calendar now for the offerings you find interesting. Discuss these educational opportunities with your colleagues and component members, and invite them to join you in expanding your perianesthesia knowledge and confidence. This confidence and peace of mind in knowing you are providing the best evidence-based perianesthesia nursing care contributes to well-being.

Check out the following pages to learn more about ASPAN's programs this season. Don't be left behind!

Sincerely,

Elizabeth Card, MSN, APRN, FNP-BC, CPAN, CCRP, FASPAN
ASPAN President 2020-2021

REGISTER EARLY!

- Online registration for **in-person seminars** will close at midnight ET on Wednesday of the week **prior** to the seminar date. Please call the National Office after this time for registration information.
- Registration is limited and taken on a first come, first served basis.
- A seminar will be closed when registration capacity is reached.
- Please note that registration cannot be accepted or processed unless accompanied by appropriate tuition payment. Please keep this in mind if applying to your facility for payment of the registration fee. Do so in a timely manner.
- Registering at the event is not recommended. You will not have access to your handouts, evaluations or certificate until your registration form is received and processed at the National Office. You are not guaranteed a seat or entrance to the seminar, unless you are preregistered. Handouts will not be provided to onsite registrants. You will be able to download and save the handout for two weeks following the seminar date.
- You will not have access to the evaluation and certificate until attendance is verified. Verification should occur the first business day after the seminar. Please check after 4 PM ET for availability.
- Please dress in layers to accommodate the room temperature.

HANDOUTS

Once you register, you will automatically receive a receipt and a confirmation via email. Both will direct you to ASPAN Learn. Handouts will be available one week prior through two weeks following the seminar. To access the handout, you must be a registered attendee and you must be logged into the ASPAN Learn website using the username and password connected to your account. If you do not know or do not have your username and password, please go to <https://www.aspan.org> and click the **Login** button at the top of the page. Please read and follow the prompts that apply to you. Wi-Fi will not be available at in-person seminar locations; it is your decision to download and save the handout to your device or to print the document before attending the seminar.

CASE PRESENTATIONS

Any case studies discussed during the seminar are fictional and do not reflect any real persons or events.

AUDIO OR VIDEO TAPING

Audio taping or video taping of any portion of an ASPAN program is **strictly prohibited**.

HOTEL RESERVATIONS

ASPAN does not reserve room blocks.

PARKING

ASPAN does not validate parking. Any parking fees associated with a location are the responsibility of the attendee.

SPECIAL ASSISTANCE

In accordance with the Americans with Disabilities Act, please advise ASPAN when registering if you have any disability that requires special materials and/or services so that appropriate personnel can be notified.
