GREETINGS TO ALL PERIANESTHESIA NURSES!

Welcome to our summer/fall season of perianesthesia nursing education. Learning is a life-long process and perianesthesia nursing is a unique specialty practice. ASPAN is the premier organization for nurses practicing in all phases with patients of all ages in preanesthesia and postanesthesia care, ambulatory surgery settings, pain management, and other procedural areas where patients receive anesthesia and moderate sedation.

ASPN’s summer/fall seminar series offers educational programs specifically designed to meet the needs of novice to expert perianesthesia nurses. There is a variety of educational seminars specifically designed to address the topics that pertain to our practice areas. Every program is accredited through the ASPAN ANCC-COA Accredited Provider Unit.

Perianesthesia nurses have different learning styles and busy schedules. ASPAN offers a variety of programs designed to meet the needs and schedules from two-hour, half-day, or full-day webcasts to full-day in-person seminars. ASPAN’s programs are peer-reviewed and delivered by highly qualified and nationally recognized ASPAN speakers.

I personally invite you to grow and learn something new this summer and fall that will impact the care of your patients. Share your passion and excellence for your perianesthesia practice and let us grow, learn, and lead together.

Sincerely,

Lori A. Silva, MSN, RN, CCRN, CPAN — ASPAN President 2024-2025

“Passion and Excellence: Growing, Learning, and Leading Together”
GENERAL INFORMATION

ACCREDITATION STATEMENT
